

CURRY COLLEGE (ACCEL)

THE ACCELERATED NURSING PROGRAM

APPLICATION & ADMISSION FREQUENTLY ASKED QUESTIONS

Please note the current policies for COVID-19 below.

Keep these protocols in mind when applying to the program:

Students must adhere to the immunization policies of the agency where they are placed or employed.

Additionally, any COVID-19 vaccine requirements set by the college and/or mandated by the affiliating clinical agency must be adhered to. Please be aware that affiliating clinical agencies may have vaccine requirements different from Curry College and may not exempt any clinical students from mandatory vaccination requirements in their facilities or organizations.

[CLICK HERE to sign up for an info session to learn more about the program from the ACCEL Nursing Faculty!](#)

How do I apply?

The ACCEL Nursing program application is available online here: curry.edu/apply.

What are the Admission Requirements?

- 2.7 undergraduate GPA required: 3.0 preferred
- Completed application submitted online
- Current Resume
- Personal Statement: **See writing prompt below**
- Official transcripts from all previously attended institutions
- At Least 2 of the 4 science prerequisites completed within 10 years (B- or higher)
- \$50 application fee paid to Curry College at Curry.flywire.com/Accel-app-fee

TEAS exams and letters of recommendation are not required or accepted in the admissions process.

Writing Prompt: (Limit response to 500 words or less) Describe how your personal strengths and experiences will contribute to your success in nursing school and advance the practice of nursing (community service, leadership experience, healthcare experience)

Who Should I contact for technical problems?

Please contact the Continuing Education office at (617) 333-2364.

Where do I send my transcripts?

If you're sending them digitally send to ccce@curry.edu or "Curry College". If you're sending them via mail, please send to our Plymouth campus at ATTN: CE/Graduate Studies - 36 Cordage Park suite # 200; Plymouth, MA 02360.

How do I know if my transcripts have been received by Curry College

You may review the status of our application file by logging into your Curry College online application portal at curry.edu/application. Documents are processed within 3-5 business days of receipt.

CURRY COLLEGE (ACCEL)

THE ACCELERATED NURSING PROGRAM

What is the minimum bachelor's degree grade point average (GPA) you require?

A GPA of 3.0 or higher is preferred; a 2.7 minimum GPA is required. If an applicant has a baccalaureate GPA of less than 2.7, the candidate may be considered for admission if they have a conferred master's degree, upon which both GPAs (baccalaureate and masters) will be averaged to obtain the cumulative GPA per the admissions rubric.

What does the Admissions Committee look for in an application?

The Committee takes a holistic approach when reviewing applications. Your undergraduate GPA and your prerequisite course grades are very important. The Committee also considers your essay and resume. In your resume you may want to call attention to any volunteer/service work or leadership positions you've had. In your essay you might want to call attention to things that you believe make you stand out as a candidate, such as honors, awards, unique experiences, obstacles you had to overcome or examples of your compassion and professionalism.

Does it help my chance for admission if I apply early?

Applicants will be selected on a rolling basis until all available openings are filled. There are a limited number of seats in each cohort, so the earlier you apply the greater your chances of securing a seat. Applications that do not meet minimum requirements will not be considered for review. Decisions will be made within two weeks of completing your application.

I received a "Decision Deferred" letter, what does that mean?

This is not a denial or an acceptance. This means we do not have enough information to come to a decision on your application. The letter will detail what the admissions committee requires to come to a decision.

I was not accepted but offered a spot on the waitlist. When will I be contacted?

Applicants will be selected on a rolling basis until all available openings are filled. If there are no spaces available, your offer of admission will be placed on a waitlist. You will be notified as soon as a seat opens. It is possible that waitlisted students can be notified of an open spot as late as the week before the semester begins.

I was put on a waitlist; can I attend a future cohort?

Yes, wait-listed students will be given the opportunity to accept and offer admission to a future cohort. You would not need to reapply, and you would not be taken off the waitlist.

What is my ranking on the waitlist?

We do not provide students with a waitlist ranking.

I was accepted, but I need to defer my admission. Is that allowed?

If accepted, an applicant may defer their start date one time only.

CURRY COLLEGE (ACCEL)

THE ACCELERATED NURSING PROGRAM

Prerequisite Coursework Questions

What are the required prerequisite courses?

Anatomy and Physiology I (4 credits **with lab**, B- or higher, Completed in last 10 years)
Anatomy and Physiology II (4 credits **with lab**, B- or higher, Completed in last 10 years)
Chemistry (4 credits **with lab**, B- or higher, Completed in last 10 years)
Microbiology (4 credits **with lab**, B- or higher, Completed in last 10 years)
Human Growth and Development (3 credits, non-science prerequisite, C- or higher)
Statistics (3 credits, non-science prerequisite, C- or higher)

Can I use prerequisite courses from my bachelor's?

Yes, if the grades are sufficient (at least B- for science course lectures and labs, at least C- for non-science courses) **and** the science courses were completed within the last 10 years.

Is there a time limit on using prerequisite courses I've taken?

Yes. Science courses must have been taken within the past 10 years.

I have completed only two science prerequisites, and I have a C+ in one of them.

Can I still apply and repeat the course later?

No. A minimum of *two* science prerequisites must successfully be completed with a minimum grade of a B- for the lecture *and* the lab for our college to review your application. Lecture and lab grades will be averaged.

Do I need to finish all the prerequisites before I apply?

No. However, for your application to be reviewed for consideration, at least **two** science prerequisites must successfully be completed with a minimum grade of a B- for the lecture and the lab. Accepted students must fulfill all prerequisites and provide copies of official coursework transcripts before beginning the program.

My undergraduate GPA is 2.6; will my application be considered?

No. The minimum GPA is 2.7. Submitted applications that do not meet the minimum requirements will be automatically denied.

What schools do you accept prerequisite coursework from?

Any regionally accredited college, including community colleges. Go to pages **7-25** of this PDF for a list of institutions we accept. If you do not see a school you're looking for or wish to confirm we will accept your prerequisites, please contact the Continuing Education office at (617) 333-2364.

Do you accept prerequisites from online courses?

Yes, if from a regionally accredited college. The science courses must be 4 credits (lecture + lab)

CURRY COLLEGE (ACCEL)

THE ACCELERATED NURSING PROGRAM

Do you accept prerequisites from Straighterline.com, Study.com, or Sophia Learning?

No.

Will it help my chances for admission if I take the prerequisite courses at Curry?

No. Completing the courses with Curry has no bearing on our admissions decision. However, if you prefer to take classes with Curry, you may do so through our Division of Continuing and Graduate Studies online.

I repeated a prerequisite more than once to obtain a better grade. Will you consider the highest grade?

An applicant's grades for the first and last attempts in each course will be averaged for the admission application. Any prerequisites required for admission are subject to this policy. Any grade of W (withdrawal), R (grade replacement), or AD (audit) will count as an enrollment attempt.

My school offers a full semester of Anatomy and a full semester of Physiology. Is that format acceptable?

Yes, if Anatomy is a 4-credit course with a lab and Physiology is a 4-credit course with a lab we will accept it.

What type of chemistry course is required?

Any college-level chemistry course with a laboratory component (4 credits total) fulfills this requirement.

Will Biology or Cell Biology satisfy the Microbiology requirement?

No.

What is the Human Growth and Development course?

This is a psychology course that covers psychological development over one's entire lifespan. Introduction to Psychology, Child Psychology, or Child Development do not fulfill this requirement. A biology course also does not satisfy this prerequisite. Connect with a Curry College ACCEL advisor if you are uncertain whether your course satisfies this requirement.

I earned my bachelor's degree as a Psychology major, so I must have covered Human Growth and Development already.

If you did not have a distinct lifespan psychology course, you may take a CLEP or DSST exam to satisfy the prerequisite. Please view <https://www.getcollegetcredit.com/> or <https://clep.collegeboard.org/> for more information regarding fees and schedule.

Can I test out of any of the science prerequisites?

No.

CURRY COLLEGE (ACCEL)

THE ACCELERATED NURSING PROGRAM

I took a combination of psychology classes that cover the entire lifespan from conception to death. Will that cover the Human Growth and Development prerequisite?

If you have a combination of courses that you believe covers the Human Growth and Development prerequisite requirements, please notify us at ccce@curry.edu. We will review the classes and advise if we can accept that combination of courses.

I have taken an advanced level Mathematics course. Will that cover the statistics requirement?

Not necessarily, but if you submit a syllabus, an advisor will review the course. Please email the syllabus to ccce@curry.edu.

Tuition / Financial Assistance Questions

What is the ACCEL tuition?

The ACCEL Nursing program has fixed tuition, letting students enter the program knowing the full cost of the ACCEL program and not be subject to a tuition increase if they remain enrolled with their original cohort group. The ACCEL program charges no additional course fees. Expenses for textbooks and course-related materials are not included in the tuition. For planning purposes, the current cohort tuition is **\$57,500**. This is subject to change. Once you are registered for classes your tuition is locked in.

Can I get a breakdown of fees/credits over each semester?

This is a sample schedule; costs are subject to change: **\$1,150/Per credit rate**

<u>Term</u>	<u>Credits</u>	<u>Tuition</u>	<u>Textbooks/Supplies</u>
1	13	\$14,950	~\$1,650
2	12	\$13,800	~\$200
3	13	\$14,950	~\$200
4	12	\$13,800	~\$200

Is financial aid available?

ACCEL students can complete a FAFSA for federal student loans and federal or state need-based grants. Where ACCEL is a second bachelor's degree, those who apply for FAFSA are considered a 5th year undergraduate student and often do not receive enough funds to cover the cost of the ACCEL program. Students need to arrange for additional financing outside of FAFSA. Please note that continuing education and graduate students do not receive institutional grants or assistance from Curry College.

International Students / ESL Questions

I attended college outside the United States. What do I need to do?

International educational documents must be evaluated and certified by an accredited agency. Course-by-course evaluations are required for coursework completed at an international college level. A list of accredited agencies can be found at <http://www.naces.org/>

CURRY COLLEGE (ACCEL)

THE ACCELERATED NURSING PROGRAM

I am not a U.S. citizen or permanent resident. What additional paperwork is required?

Upon acceptance into the program, documentation demonstrating that you can pay for your tuition and housing is required, as well as applying for a U.S. Student Visa using Form I-20: Certificate of Eligibility for Nonimmigrant (F1) Student.

Miscellaneous Questions

Is ACCEL a day or evening program?

It's a full-time program, typically meeting during the day with some evening classes and/or clinicals. Prepare to be in person on campus for up to 5 days a week. This will change from semester to semester.

Can I keep my full-time work while I am in the program?

Working full-time is highly discouraged. ACCEL is an intensive program. Some students have been able to manage working part-time hours but not full-time. Clinicals may be held on weekends, and we cannot guarantee a schedule that works with your work schedule.

When do I find out my schedule?

This program requires flexibility. Class schedules are not available until a few weeks before classes begin when you register for classes.

Is on-campus housing available?

Yes. Housing is available at the Milton campus on a limited basis.

How can I get additional information about the ACCEL program?

Attend an information session hosted by the program faculty and coordinator that reviews in detail the program's curriculum and admission requirements. You can also schedule a one-on-one session with an admission advisor [HERE](#).
